WHO WILL BE THE PROJECT ADMINISTRATOR? Administering federally-funded transportation projects carries a high staff time burden. Please indicate who will be the primary project administrator. MPO staff recommend that at least one primary project administrator be assigned, who can coordinate between multiple agencies and departments and provide project history and continuity in case of a federal audit. If the exact person is not known at this time, please indicate which department would be responsible. Please indicate if the local project sponsor intends to hire professional help to assist with administration of this project.
